NOTICE

This Supply Bulletin is devoted entirely to the Components of Book Sets for Medical TOE Units

---

## INTRODUCTION

---

### I-1. AUTHORIZATION

a. Authority for acquisition of reference book sets appears in the following types of authorization documentation documents:

- (1) Table of Organization and Equipment (TOE).
- (2) Modified Table of Organization and Equipment (MTOE).
- (3) Bills of materials for special purpose medical units when authorized by The Surgeon General (TSG).

b. The Commander, U.S. Army Medical Department Center and School (USAMEDD C&S), will be responsible for determining the components of each book set. The book sets shall be reviewed every year and published in a superseded edition of the DA SB 8-75-S9.

c. This publication contains the basis of issue for all medical book sets authorized for medical TOE Units.

### I-2. BOOK LISTINGS

The Defense Supply Center Philadelphia (DSCP) assigns a specific National Stock Number (NSN) for each book set. That NSN is then published in the monthly issue of the Universal Data Repository (UDR) on CD-ROM format.

b. Appendix A lists each book set by the Line Item Number (LIN), the NSN/Nomenclature, and the TOE.

c. Appendix B identifies each book set by title, price, and the number of copies required for each unit. Activities will note that the listing of the component volumes is segregated by specific medical categories for reference purposes.

d. Edition numbers and publication dates are based on the latest available information. The price of each book is subject to change without prior notice.

### I-3. ACQUISITION OF BOOK SETS

a. Activities shall requisition book sets listed in Appendix B from DSCP, located in Philadelphia, PA. Book sets are authorized by a separate LIN on the TOE/MTOE and are not listed as components of current unit assemblages.

b. Activities will submit requisitions to meet the following conditions:

(1) Initial Issue for Units. Station or Unit Supply Officers will requisition book sets as authorized by TOE/MTOE.

(2) Security Assistance Program (SAP). The U.S. Army Medical Materiel Agency (USAMMA) will coordinate with DSCP for inclusion of appropriate book sets with major medical assemblages destined for a SAP country.

#### **I-4. MAINTENANCE OF BOOK SETS**

Units will maintain book sets on a yearly basis as reflected in the current DA SB 8-75-S9.

**NOTE: An entire book set may not need to be purchased if individual books need replacing.**

#### **I-5. REPLACEMENT BOOKS**

a. All active Army, Army Reserve, and National Guard Units requiring individual reference books to replace outdated or lost volumes (or as additions to book sets in TOE Units), may obtain such volumes by submitting requests to their supporting medical supply activity. Requests should always specify that the "Latest Edition" is required. For specific local procedures, the supporting medical supply activity should be consulted.

b. When purchasing replacement books, order the most current edition for those books that are published on a yearly basis.

c. When ordering Field Manuals (FM), Technical Manuals (TM), or any other Army publication, request the most current edition from the US Army Publishing Agency (USAPA), Alexandria, VA, at their WEB site <http://www.usapa.army.mil>. Requests may also be routed through the unit's BN Administration Office (S-1).

d. CONUS and OCONUS medical supply activities may obtain individual medical reference books under one of the following procedures:

(1) Through IMPAC purchase from:

Matthews Medical Books: Telephone: 314-432-1401

(2) Through local procurement (Chapter 3, AR 40-61). OCONUS Units/Activities have the option to submit a non-standard requisition, DIC A05, with exception data to DSCP, RIC S9M.

**I-6. DISPOSITION OF OBSOLETE, UNSERVICEABLE, AND EXCESS MEDICAL BOOKS**

- a. Activities will dispose of obsolete, unserviceable, and excess medical books in accordance with Paragraph 10-8d, AR 40-2, as amended.
- b. Overseas activities may release obsolete, unserviceable, and excess medical books to indigenous medical facilities.

**I-7. POINT OF CONTACT (POC)**

- a. Any recommended changes to the components of the medical book sets should be submitted to the:

US Army Medical Department-Center & School  
Directorate of Combat & Doctrine Development (DCDD)  
ATTN: MCCA-FCF  
1400 East Grayson Street  
Fort Sam Houston, TX 78234-6100

A justification for any change(s) must be provided in official memorandum format.

- b. POC for this supply bulletin is the above addressee. Telephone numbers are DSN 421-9884 or Commercial 210-295-9884.
